

FY21 Dental Plans

- You cannot add dental coverage during Annual Enrollment. You can only make changes to your current election or cancel your coverage.
- The Base and Enhanced Dental Plans are provided by Delta Dental.
- The Base and Enhanced Plans pay for services based on a percentage of allowable charges.
- The member is responsible for the deductible, charges that exceed the covered percentage of allowable charges, and any charges over the annual maximum.
- Delta Dental offers a dental network that includes 98% of the dentists in South Dakota.
- You can visit the dentist of your choice but may owe less out-of-pocket when you go to a participating/network dentist. Participating/network dentists have agreed to write off charges that exceed the allowable charges; nonparticipating dentists can bill you for the remaining amount.
- Orthodontic cases may be paid over two years based on treatment plan.
- Delta Dental will pay \$1,000 for orthodontics in the first year on either plan. In order to receive the additional \$1,000 payment in the second year on the Enhanced Plan, the enrollee must continue to be enrolled in the Enhanced Plan.
- To find a participating/network dentist, visit www.deltadentalsd.com and click on 'Find a Dentist.'

Health *through* Oral Wellness

Health through Oral Wellness® is a unique, patient-centered program that adds benefits to a Delta Dental plan based on individual oral health needs. A Delta Dental network dentist trained in Health through Oral Wellness® will conduct a clinical risk assessment during a regular preventive visit. The assessment measures the risk and severity of periodontal disease, and the risk of tooth decay.

If the assessment determines a member is at risk for tooth decay, additional benefits include fluoride treatments, sealants, and oral hygiene instruction. If a member is at risk for periodontal (gum) disease, has periodontal disease or has had periodontal surgery, the member will be eligible for two additional cleanings* and two fluoride treatments.

If a member has any of the following health conditions, they are eligible for additional benefits:

- Diabetes (2 additional cleanings*)
- High-risk cardiac care (2 additional cleanings*)
- Kidney failure or dialysis (2 additional cleanings*)
- Cancer-related treatment - chemotherapy or radiation (2 additional cleanings* and 2 applications of fluoride varnish)
- Suppressed immune system (2 additional cleanings* and 2 applications of fluoride varnish)
- Rheumatoid arthritis (2 additional cleanings*)
- Stroke (2 additional cleanings*)
- Pregnancy (1 additional cleaning* during the time of pregnancy)

* Cleanings can either be a general cleaning (prophylaxis) or a periodontal maintenance cleaning. Periodontal maintenance cleanings are typically covered under the "Endodontics and Periodontics" category, not the "Diagnostic and Preventive Services" category.
